San Diego County's ONLY  
Instrumentation & Controls  
Exposition is BACK!!

## ONE DAY ONLY!

I/C Expo to highlight high tech  
process instrumentation, controls  
and automation in San Diego

Come join your industry peers for the only San Diego event that displays the latest process measurement, control and automation technologies under one roof AND provides more than 18 technology seminars and workshops covering all aspects of today's most discussed technology and application topics.

On display will be the latest products and technologies from local, national, and international companies in our industry, with representatives available to discuss your specific product questions or application requirements.

Mark your calendars now! This event is one day only, so make sure you don't miss it! For complete details, a current exhibitor list, and a schedule of workshops and seminars visit our web site at [www.icexpo.com](http://www.icexpo.com). Registration is FREE for all industry professionals and students.

See you there!

**More than 50 companies exhibiting** innovative products and technologies targeted at the process instrumentation, controls, and automation markets and applications.

**Hands On Training Workshops** in PLC Programming (self-paced, all levels), Foundation Fieldbus, Control Valve basics, Basic Tube Fitting and Installation tips, and much more.

**Informative Technology Seminars** covering innovative topics such as Deployment of Industrial Wireless systems, Control Panel Design, Level Measurement, Advancements in Control Systems, and much more.

**Industry Career Fair** providing students and professionals alike the opportunity to review current career opportunities in the area.

**Food & Refreshments Included** so that you have everything you need to make a productive day out of this special event, and have the opportunity to network with industry peers.
